WHY HOME RUN?

A name you can trust since 1986...

Home Run Sports has been doing sports uniforms for almost two decades. We know how to work with you to develop the look you want at the price you want. We take a Customer Service Attitude so you'll have a great experience and want to "use us next time".

You're covered...

We started with baseball/softball uniforms but now we cover all sports uniforms as well as team clothing! And we do mean all sports from incredible hockey jerseys to badminton t-shirts to the baseball jerseys for the pros. And we do all kinds of clothing from winter jackets to hats. We do clothing for large and small events and for special sports teams. We do Grad gear and collections of school apparel.

As you leaf through our catalogue, note that we've proudly displayed some of these pieces that we've done for our valued clients set on a "silver ring".

Expert sales consultations...

Communicate with people who understand that all customers have unique requirements. If required, you can receive comprehensive quotations that enable you to understand your costs. Make choices with confidence as you hear about trends and options and fabric performance from our committed team.

If only custom will do...

We are connected to the right resources to get you the details that can't be found elsewhere. Check out our custom gallery on page 55.

Colour issues - translating the subtle tones, vibrant colours and texture variations of fabric to the printed page is tricky. Every endeavour has been made to ensure the accuracy of the colours shown but there is likely to be some variances in colours due to the printing process. Some items may not be exactly as pictured.

Buy from the experts.

We can also supply all your equipment needs.

We have print catalogue for baseball/softball, football & school sports. All our products are available for on-line purchase. Check out homerunsports.com or physed.ca

All pricing is subject to change. In the event of any discrepancy, refer to our websites for correct pricing. Some products may not be exactly as illustrated.
