

DOMINATE IN STYLE.

Innovation, technology and performance finally meet style and comfort. Whether it's game time, on the practice field, or in a training session, only Easton offers the perfect blend of unique features to go along with superior performance: Bio-Dri™ Bamboo, FRM™ UV Protection and stain resistance. Highlighting this year's lineup of apparel are the revolutionary Pro Torque Cage Jackets, which offer the ultimate in style and performance, and our new Redseam Sliding Shorts, which redefine innovation and technology. For every type of player, from head to toe, Easton offers the most comprehensive apparel line in the game.

EASTON'S EXCLUSIVE APPAREL TECHNOLOGIES

SKINZ™ Moisture Management Apparel

- 100% microfiber fabrics
- Engineered for maximum comfort and performance
- Bio-Dri™ fabrics from Easton effectively wick moisture away keeping you cooler, drier and lighter

FULL RANGE MOTION™ TECHNOLOGY

- A revolutionary approach to pattern design that allows full range of motion for all sport related activities
- Easton FRM™ technology provides complete arm movement without affecting the garment body
- The patented FRM™ technology is an industry breakthrough developed through extensive market research and field testing with high level athletes
